

## Summary of Statement of Proposal

### **DRAFT FEES AND CHARGES RESOURCE CONSENTS ACTIVITY Commencing 1 July 2016**

This statement is made for the purposes of section 83 of the Local Government Act 2002.

Each financial year the Council reviews the fees and charges proposed for various activities undertaken by the Resource Consents Business Unit. The purpose of the review is to:

1. Ensure that those who benefit from the services of the resource consent activity pay a fair and reasonable share of the costs of these services;
2. Ensure fees and charges reflect any changes in the cost of providing these services;
3. Check that Nelson City Council fees and charges for the resource consents activity are measured against equivalent costs for Tasman and Marlborough District Councils.

Section 36(2) of the Resource Management Act 1991 requires the Council to seek public feedback on its proposed fees and charges through the Special Consultative Procedure under section 87 of the Local Government Act 2002.

A proposed change to the current fees and charges is to include swing mooring applications in the \$500 deposit category. The actual cost for processing these applications is usually less than the current required deposit of \$1300. A change is also proposed to include applications made under the Housing Accord and Special Housing Areas Act 2013 so that standard resource consent processing charges and deposits apply. The other proposed change is to amend the photocopying charges to be consistent with the Council Customer Service Centre photocopying charges.

The Council welcomes feedback on the fees and charges. Council, in making its decision, will be taking account of all submissions made.

Copies of the Statement of Proposal which includes a more detailed assessment of the proposal are available free of charge from Civic House or on request.
