# Unique partnership to boost Nelson's nature

From left: Conservation Minister Maggie Barry, Environment Minister Nick Smith and Mayor Rachel Reese celebrate the Nelson Nature partnership at the top of the Grampians.

Nelson City Council and the Department of Conservation (DOC) are teaming up to deliver the Council's multi-million dollar project Nelson Nature to improve Nelson's biodiversity.

Nelson Nature is a priority project for the Council, which targets \$6 million over ten years to protecting and restoring Nelson's world class natural environment.

DOC is joining the effort for the next three years, helping to project manage Nelson Nature by using its technical expertise to apply conservation best practice and aligning the agencies' work programmes to maximise outcomes.

Nelson Mayor Rachel Reese says, "By combining each organisation's strengths, this partnership will provide a strategic approach across land boundaries to make the most of Council's significant investment in the Nelson Nature programme.

"Working together, and alongside our local environmental groups, we can provide an integrated and coordinated approach to environmental management for the region.

"Thanks to Nelson's compact size geographically, and this unique partnership approach between the two agencies, Nelson Nature has the opportunity to be one of the most holistic, all-encompassing biodiversity projects carried out in New Zealand. We are thrilled to have the Department on board."

Conservation Minister Maggie Barry says Nelson Nature is an outstanding initiative that will protect and enhance the city's conservation values.

"DOC's partnership with Nelson City Council is a perfect match and we both bring complimentary skills to this visionary project. By working together and aligning our efforts with other local conservation groups, DOC can achieve much more to make Nelson's nature thrive."

Mayor Reese says Nelson Nature supports Nelson's reputation as a holiday hot spot and a centre for ecotourism, where residents and visitors can experience nature right on the city's door step.

This year, the work programme for Nelson Nature includes managing pest animals in the city's backdrop and inland hill country to allow native birds to thrive, boosting weed control in key areas to give Nelson's native forests a better chance of survival, and improving water quality across Nelson's waterways.

Nelson City Council and the Department of Conservation are keen to continue to work closely with local environmental groups, harnessing their skill, enthusiasm, and local knowledge to get this work done.

# Bringing back the buskers

This week, an army of world-class local and international street performers is descending on Nelson for the Nelson Buskers Festival.

## Go By Bike Day

Go By Bike Day is part of a national event initiated by Bike Wise.

It is a one-day event on Wednesday 10 February where thousands of Kiwis ditch their cars and cycle to work or school.

A free breakfast is on offer, including Pic's Peanut Butter on toast with hot chocolates and coffee, for the first 100 cyclists at 1903 square (top of Trafalgar St) with giveaways, free bike checks, and entertainment from Plinkers from 7.30–9am.

## Submissions open on Woodburner Plan Change

Submissions are now open for Nelson residents to have their say on Nelson City Council's proposed Woodburner Plan Change (Plan Change A3).

The plan change proposes to allow additional Ultra Low Emission Burners (ULEBs) on the basis there will be improvements to woodburner use, generating less smoke.

A limited number of ULEBs are proposed to be allowed in Airshed B2 (including Stoke, Wakatu and Enner Glynn) and Airshed C (including Port Hills, City Centre, The Brook, The Wood and Atawhai).

If there are further improvements to air quality over the next few years, the plan change proposes that burners could also become a permitted activity in Airshed A (including Bishopdale, Victory, Toi

Toi, between the colleges, and Washington Valley) and Airshed B1 (Tahunanui and Tahunanui Hills south of The Cliffs).

More information on the plan change is available on Council's website, [nelson.govt.nz](http://nelson.govt.nz) (search phrase = woodburner plan change). Letters will be sent to all Nelson households advising notification of the plan change.

The proposed plan change document, the accompanying reports and submission form are available at the Customer Service Centre, Nelson libraries and on Council's website.

## MAYOR'S WELCOME

Welcome to one of the city's most popular events, **Nelson Opera in the Park**.

This much-loved summer event is a chance for visitors and locals to experience world-class musicians at Trafalgar Park, in the heart of Nelson.

With a relaxed atmosphere and affordable ticket prices, it's an opportunity to pack a picnic, bring a blanket and head down to the park with family and friends, to share in this flagship musical event.

Brought to you by Nelson City Council, this is the keystone event in the 2015/16 Summer Events programme.

We welcome Orchestra Wellington once again, who will support the fantastic line-up of talented performers, with Musical Director Pete Rainey guiding the impressive programme once again.

A fantastic initiative this year, and one which highlights Nelson's strong community spirit, is the Pay It Forward tickets. These give opera goers a chance to gift a ticket or two to someone who may not otherwise have the means to attend. It will mean more people can enjoy a night out under the stars.

Thanks to Pomeroy's and Pic's Really Good

Peanut Butter for the fireworks display which will close the evening in spectacular fashion.

But first, for the music – sit back, relax and prepare to enjoy this special night.

Rachel Reese  
Mayor of Nelson

## JACKIE CLARKE

Jackie's versatile vocal chords have mastered opera at the Mercury, Cole Porter at Downstage and country'n'western. ## OVERTURE FROM BÉATRICE ET BÉNÉDICT [BERLIOZ]

ORCHESTRA WELLINGTON

The comic opera *Béatrice et Bénédicte*, composed between 1860 and 1862, was Berlioz's last major work. This overture is one of Berlioz's most delicate and subtle orchestral pieces, and its allusiveness constantly teases the listener.

## YELETSKY'S ARIA FROM PIQUE DAME [TCHAIKOVSKY]

JARED HOLT

First performed in 1890, Tchaikovsky's *Pique Dame* (*The Queen of Spades*) revolves around the obsessive desire to become rich through gambling. Ever since its world premiere, *Pique Dame* has been a great audience favourite. Yeletsky's Aria might just be the one moment of sanity.

## DEH VIENI NON TARDAR FROM LE NOZZE DI FIGARO (THE MARRIAGE OF FIGARO) [MOZART]

ANNA LEESE

Composed in 1786, *The Marriage of Figaro* is a comic opera which is now regarded as a cornerstone of the standard operatic repertoire. Its bubbling overture, its brilliantly crafted arias and its lively and intricate ensemble scenes win the hearts of nearly all who witness it.

## NIGHTS IN WHITE SATIN (P. DODD ARR.) [HAYWARD]

JACKIE CLARKE

We welcome Jackie Clarke to the stage with this special arrangement of The Moody Blues' *Nights in White Satin*. Band member Justin Hayward wrote and composed the song at age 19 as a tale of a yearning love from afar.

## LARGO AL FACTOTUM FROM BARBIERE DI SIVIGLIA (THE BARBER OF SEVILLE) [ROSSINI]

JARED HOLT

Rossini's *The Barber of Seville* has proven to be one of the greatest masterpieces of comedy within music, and has been described as the opera buffa of all "opere buffe". While it didn't start well, with the audience hissing and jeering at the premiere in 1816, along with several on-stage accidents, it endured, and after two hundred years, it remains a popular opera.

## O MIO BABBINO BARO FROM GIANNI SCHICCHI [PUCCINI]

ANNA LEESE

*Gianni Schicchi* is a comic opera in one act by Giacomo Puccini to an Italian libretto by Giovacchino Forzano, composed in 1917–18. The aria *O Mio Babbino Baro* (*Oh My Beloved Father*) is one of Puccini's best known, and one of the most popular in opera.

## PAPAGENA DUET FROM DIE ZAUBERFLÖTE (THE MAGIC FLUTE) [MOZART]

JARED HOLT & ANNA LEESE

*The Magic Flute* is a singspiel in two acts, with a German libretto by Austrian actor and theatrical producer Emanuel Schikaneder. The opera, Mozart's last, premiered at the rustic Theater auf der Wieden near Vienna in September 1791, not long before Mozart's death. Successful from the beginning, *The Magic Flute* continues to make frequent appearances on the world's opera stages.

## GOD ONLY KNOWS (P. DODD ARR.) [WILSON]

JACKIE CLARKE

Jackie Clarke returns to the stage to perform this beautiful song by Brian Wilson of the Beach Boys. Described by Wilson as "one of the best I've ever written", *God Only Knows* became a favourite song of Paul McCartney. Fifty years on, an all-star version was recently unveiled featuring the likes of Stevie Wonder, Pharrell Williams, Chris Martin and our very own Lorde.

## MODERN MĀORI QUARTET

It is our pleasure to be able to welcome Modern Māori Quartet to the Opera in the Park stage. The suave foursome, comprising of Toi Whakaari graduates, Maaka Pohatu, Jayden Daniels, James Tito and Francis Kora, offer a fresh take on classic Māori showbands, filling their shows with waiata, humour and charm.

Tonight, they will perform:

- *Haere Mai*
- *Float on*
- *Pungawerewere*
- *Ten Guitars*
- *Don't Stop 'Til You Get Enough*

## INTERVAL

## NIGHT ON BARE MOUNTAIN [MUSSORGSKY]

ORCHESTRA WELLINGTON

Best known for its use in the penultimate scene of Walt Disney's *Fantasia*, Mussorgsky's *Night on Bare Mountain* was never performed during his lifetime. In 1886, five years after Mussorgsky's death, Rimsky-Korsakov published an arrangement of the work, described as a "fantasy for orchestra". It is through Rimsky-Korsakov's version that *Night on Bare Mountain* achieved lasting fame.

## LES FILLES DE CADIX (THE MAIDS OF CADIZ) [DELIBES]

ANNA LEESE

Anna Leese returns to the stage to perform this beautiful melody by French opera and ballet composer Léo Delibes (1836–1891). Delibes' most notable works include ballets *Coppélia* (1870) and *Sylvia* (1876) as well as the operas *Le roi l'a dit* (1873) and *Lakmé* (1883).

## BEI MANNERN FROM DIE ZAUBERFLÖTE (THE MAGIC FLUTE) [MOZART]

JARED HOLT & ANNA LEESE

We return to Mozart's final opera, a singspiel in two acts. This beautiful duet between two lovers is about pondering the idea of love, the beauty of it and the desire to live through love alone.

## JUBILATION CHOIR

Jubilation Choir returns to the stage to perform *Shackles* and *People Get Ready* with two new arrangements by Auckland composer Penny Dodd. Usually performing unaccompanied, it is very special to have this impressive a capella group combining with Orchestra Wellington for the very first time.

## DAVE DOBBYN ONZM

We are pleased to welcome Dave Dobbyn who returns to the Opera in the Park stage after ten years. This kiwi icon needs little introduction; he holds the most Silver Scroll Awards for song-writing and in 2001, was given a lifetime achievement award by the New Zealand recording industry. Tonight, we have the privilege of hearing Dobbyn's latest pieces for the very first time.

He will perform:

- *Loyal*
- *Guilty*
- *Angelina*
- *Slice of Heaven*
- *Welcome Home*

## 12 - 24 OCTOBER 2016

Two weeks of top national and international entertainment: theatre, music, dance, visual arts and writers' talks.

PROUDLY PRESENTED BY: Nelson City Council  
te kaunihera o whakatū

# Keeping industry waste out of rivers

Council is working hard to improve the water quality of Nelson's rivers and streams. One key issue being addressed is the impact of industry waste contaminating our waterways.

Council is keen to work with the industry sector to help them have good systems in place. Environmental Inspections Ltd are visiting industrial and commercial properties on Council's behalf to check compliance with rules relating to discharge of stormwater and storage of hazardous substances. They are also checking that pollution prevention plans are in place to ensure any spills are contained and cleaned up.

For the coming year, the focus of these visits will be on sites adjacent to Saltwater Creek and on completing work already started in the Tahunanui area.

A helpful brochure for businesses has also been produced with information about managing stormwater from industrial sites. The 'Managing Stormwater' booklet can be found via Council's website, [nelson.govt.nz](http://nelson.govt.nz) (search phrase = managing stormwater) and in Council's Customer Service Centre.

This initiative is part of Council's Nelson Nature project, which targets \$6 million over ten years towards protecting and restoring Nelson's natural environment.

One of Nelson's unique features is the network of streams which connect the mountains to the sea, providing habitat for some special and

endangered species of native fish such as the Giant Kokopu.

As these streams make their journey through our city and suburbs and into Tasman Bay, they have become contaminated through discharges into the stormwater system.

Remember that the only thing that should ever go down our drains is rain!

[nelson.govt.nz](http://nelson.govt.nz)

Search = managing stormwater

## Arrow Street road closure

From 2 February 2016, for a period of up to 12 weeks, Arrow Street will be temporarily closed to through traffic between Washington Road and Quebec Road.

The closure will be in effect 24 hours a day, seven days a week, to allow for stage 2 of stormwater upgrade work.

Vehicular access to properties in Arrow

Street will be restricted to residents only. Resident access will be controlled by the contractor under a traffic management plan.

Traffic from surrounding streets should use Abraham Heights, Quebec Road and Princes Drive as alternative access routes to and from Washington Road and the central city. The NBUS will detour down Abraham Heights.

[nelson.govt.nz/projects](http://nelson.govt.nz/projects)

# NBus keeps getting better

## New public holiday services

A new public holiday service means routes 1 and 2 (Nelson – Stoke – Richmond) will run on every public holiday in 2016 except Christmas Day and Good Friday, so there will be a Saturday service between Nelson and Richmond on Anniversary Day (1 February) and Waitangi Day (8 February).

## New timetable app

A new NBus timetable app means you can find out which of the seven routes is closest to your current location, and check the timetable for the next bus due. It also features a handy fare calculator, route map and information about the services available. The IOS app is available from iTunes (search NBus Timetable) or for android from [nbus.co.nz](http://nbus.co.nz).

## New accessible bus for Stoke Loop

From mid-February this year, the Hail and Ride Stoke Loop route will be serviced by a new wheelchair friendly kneeling bus, meaning better accessibility for people with impaired mobility. The Stoke Loop runs in a figure 8 from the Tennis Courts on Main Road Stoke, to Enner Glyn, Nayland Road, Saxton Road and the Ridgeway.

The Stoke Loop connects with routes 1 and 2, which run between Nelson and Richmond, making it easy to get to the shops, Tahunanui Beach, Nayland Pool, and to work and school. It is a hail and ride bus, so you can wave down the bus anywhere as long as it is safe and legal for it to stop.

## International Kai Festival celebrates Waitangi Day Holiday

The eighth annual International Kai Festival is on again this Waitangi Day Holiday, Monday 8 February 2016, with Founders Heritage Park and Whakatū Marae working closely to present a range of traditional and international foods to sample.

Whakatū Marae will also host a Pōwhiri, a traditional welcome for visitors to the Marae, at 10.30am.

There will be a huge variety of international foods on offer made by families living in the Nelson community.

Small portions of food are

priced at \$3 or \$6 to encourage visitors to try a wide range of each.

Live music and Kapa Haka performances will be held at both Whakatū Marae and Founders Park, alongside stalls selling traditional arts and crafts.

Entry is by gold coin donation.

## Paru Paru Road closure

As part of the Trafalgar Centre Reopening and Rutherford Park development projects, the work site containment fence around the centre is to be expanded.

This will result in restricted pedestrian and vehicle access along Paru Paru Road and around the Trafalgar Centre until about early April.

The work site containment fence will move to the edge of the Maitai Walkway, with no vehicle access beyond the old Community Art Works building.

The footbridge across Saltwater Creek between the Trafalgar Centre

and Haven Road will remain closed in the immediate future.

The footbridge at the northern end of the Maitai Walkway, to Queen Elizabeth Drive, will remain open.

From the end of January, access to the old tennis court area will also be restricted as the Rutherford Park development work continues.

Information on car parking can be found at [nelson.govt.nz](http://nelson.govt.nz) (search phrase = public carparks).

## Rounding balance to pay

Nelson City Council rounds the 'balance to pay' on all rates and water accounts to 10 cents, whether paying by cash or by other methods.

This is called the Swedish Rounding System, and was adopted by Council (along with many companies) due to the discontinuation of 1c, 2c and 5c pieces.

Under this system, prices ending in 1 to 5 cents will be rounded down, and prices ending in 6 to 9 cents will be rounded up.

For example, an account of \$115.14 will be rounded to \$115.10, and an account of \$115.16 will be rounded to \$115.20.

Ratepayers making payments by electronic means can choose to pay the unrounded amount if they wish to do so.
