Dear NAQP subscriber

23 JULY 2012 AMENDMENTS TO THE NELSON AIR QUALITY PLAN

Please find enclosed a set of amendments for the Nelson Air Quality Plan (NAQP).

These amendments provide for Operative Plan Change A2, which makes the following changes:

- amends the target dates for compliance with the PM₁₀ standard in Policy A5-1.4 to align them with the new NES dates;
- removes the part of the rule requiring the compulsory phase-out of domestic enclosed burners in Airsheds A and B1 installed after 1 January 2000 and which are not compliant with the emission requirements in the Air Quality Plan i.e. essentially burners installed 2000 - 2003 (when the Air Quality Plan was notified).

Please update your copy of the Nelson Air Quality Plan as per the attached filing instructions.

Note:

To ensure that you have filed the previous set of updates, please check that the update sheet was last updated with the 19 March 2012 amendments.
