Dear NAQP subscriber

25 JANUARY 2016 AMENDMENTS TO THE NELSON AIR QUALITY PLAN

Please find enclosed a set of amendments for the Nelson Air Quality Plan (NAQP).

These proposed amendments provide for Proposed Plan Change A3.

Proposed Plan Change A3: Woodburners

This plan change introduces several amendments to the operative Air Quality Plan. In summary, these amendments fall into four broad categories and include:

- a new definition for 'small-scale ultra-low emission burning appliances' (ULEB);
- new Clause AQr.26A, which includes permitted and non-complying rules, assessment criteria and explanatory text in relation to ULEB;
- new Appendix AQ2B, which sets out the minimum requirements for ULEB, including certification process that must be followed in conjunction with the building consent process; and
- consequential amendments to other operative provisions.

Please update your copy of the Nelson Air Quality Plan as per the attached filing instructions.

Note:

To ensure that you have filed the previous set of updates, please check that the update sheet was last updated with the 23 July 2012 amendments.

Kind regards

Chantel de Ru
Planning Administrator
