The summary is in accordance with the requirements of Schedule 1, Clause 7, Public notice of submissions, Resource Management Act 1991 (RMA).

## Format

The decisions sought by each party in their submissions are listed by 'unique identifier' (A5-1.4 or AQR.24) with the topic name alongside ('Policy – Fine Particle Pollution' or 'Rule – Small scale solid fuel burning appliances'). Where possible the words are those of the submitter. If necessary, the original submissions should be referred to for a full understanding of the particular points raised by each submitter. The full submissions give more information than just the decision that the submitter is seeking.
