L1

What's in the proposals – the headlines:

- Up to 2 hours wiped off the closing times of bars and taverns outside of the CBD
- Up to 3 hours wiped off the closing times of restaurants!
- All off licence sales to stop at 9pm (including over the bar)
- A one way door for the inner city bars at 2am

I submit to the Nelson City Council that:

- I enjoy socialising in Nelson and believe it is not fair to penalise the majority of people who go out in Nelson and behave well, because of a small minority who behave badly. There should be more personal responsibility and not more regulations.
- Nelson benefits from a vibrant and responsibly run hospitality industry.
- Police should maintain a zero tolerance policy on troublemakers who cause the problems in the streets and those who drink in the streets breaking the liquor ban.
- I think that bars and taverns outside of the CBD should have the opportunity to trade the same hours as the bars in the inner city, e.g. Bars like the Turf and Speight's Ale House.

I think all restaurants in the District should be able to trade until (please circle one):

1am	2am	3am
-----	-----	-----

If I can't get into a bar because of the one way door policy I will (please circle one):

Go home	Go to a party	Hang around the streets
---------	---------------	-------------------------

I think that taverns who can serve alcohol over the bar with an off licence should stop selling alcohol at (please circle one):

9pm	10pm	11pm
-----	------	------

I think that bottle stores and supermarkets should stop selling alcohol at (please circle one):

9pm	10pm	11pm
-----	------	------

I am in favour of the "Mellow Yellow Bar Safe" scheme where all the door staff put on their yellow jackets at 2am and help Police to clear the streets and get people home safe.

Police should maintain a zero tolerance policy on troublemakers who cause the problems in the streets and those who drink in the streets breaking the liquor ban.

I think that bars and taverns outside of the CBD should have the opportunity to trade the same hours as the bars in the inner city, e.g. Bars like the Turf and Speight's Ale House.

I think all restaurants in the District should be able to trade until (please circle one):

1am	2am	3am
-----	-----	-----

If I can't get into a bar because of the one way door policy I will (please circle one):

Go home	Go to a party	Hang around the streets
---------	---------------	-------------------------

I think that taverns who can serve alcohol over the bar with an off licence should stop selling alcohol at (please circle one):

9pm	10pm	11pm
-----	------	------

I think that bottle stores and supermarkets should stop selling alcohol at (please circle one):

9pm	10pm	11pm
-----	------	------

I am in favour of the "Mellow Yellow Bar Safe" scheme where all the door staff put on their yellow jackets at 2am and help Police to clear the streets and get people home safe.

I submit to the Nelson City Council that:

- I enjoy socialising in Nelson and believe it is not fair to penalise the majority of people who go out in Nelson and behave well, because of a small minority who behave badly. There should be more personal responsibility and **not** more regulations.
- Nelson benefits from a vibrant and responsibly run hospitality industry.

- I enjoy socialising in Nelson and believe it is not fair to penalise the majority of people who go out in Nelson and behave well, because of a small minority who behave badly. There should be more personal responsibility and **not** more regulations.
- Nelson benefits from a vibrant and responsibly run hospitality industry.
- Police should maintain a zero tolerance policy on troublemakers who cause the problems in the streets and those who drink in the streets breaking the liquor ban.
- I think that bars and taverns outside of the CBD should have the opportunity to trade the same hours as the bars in the inner city, e.g. Bars like the Turf and Speight's Ale House.

I think all restaurants in the District should be able to trade until *(please circle one)*:

# Submission L37 The Draft Local Alcohol Policy for Nelson - Have your say!

RECEIVED  
19 SEP 2013 L37  
NELSON CITY COUNCIL  
Records

What's in the proposals – the headlines:

- Up to 2 hours wiped off the closing times of bars and taverns outside of the CBD
- Up to 3 hours wiped off the closing times of restaurants!
- All off licence sales to stop at 9pm (including over the bar)
- A one way door for the inner city bars at 2am

Please tick the statements you agree with, answer the questions and return this form to register your opinion.

I submit to the Nelson City Council that:

- I enjoy socialising in Nelson and believe it is not fair to penalise the majority of people who go out in Nelson and behave well, because of a small minority who behave badly. There should be more personal responsibility and **not** more regulations.
- Nelson benefits from a vibrant and responsibly run hospitality industry.
- Police should maintain a zero tolerance policy on troublemakers who cause the problems in the streets and those who drink in the streets breaking the liquor ban.
- I think that bars and taverns outside of the CBD should have the opportunity to trade the same hours as the bars in the inner city, e.g. Bars like the Turf and Speight's Ale House.

I think all restaurants in the District should be able to trade until (please circle one):

1am	2am	3am
-----	-----	-----

If I can't get into a bar because of the one way door policy I will (please circle one):

Go home	Go to a party	Hang around the streets
---------	---------------	-------------------------

I think that taverns who can serve alcohol over the bar with an off licence should stop selling alcohol at (please circle one):

9pm	10pm	11pm
-----	------	------

I think that bottle stores and supermarkets should stop selling alcohol at (please circle one):

9pm	10pm	11pm
-----	------	------

I am in favour of the "Mellow Yellow Bar Safe" scheme where all the door staff put on their yellow jackets at 2am and help Police to clear the streets and get people home safe.

I am in favour of the policy where Nelson licensees blanket trespass troublemakers from all the licenced premises in Nelson.

I normally drink before I come into town.

## Additional Comments:

I'm not sure what you want to achieve with the Policy in its current form? Because most drinking in Nelson is done at home behind closed doors & this policy will encourage that to increase, making it more difficult for the police to monitor and provide assistance when needed.

In Nelson society there is a social influence (in a slightly older age group than the demographic that causes 90% of your problems) & that influence actually feeds upon unruly drunken behaviour & I think your policy has not looked at that and potentially hampers future councils from dealing effectively with this problem. If this policy goes ahead ~~and~~ forces alcohol consumption behind closed doors.

This policy also discriminates against bar owners who work hard to run a business. Instead of running this policy, use the resources to educate and keep the problem in the open.

I submit to the Nelson City Council that:

- |                                     |   |
|-------------------------------------|---|
| <input checked="" type="checkbox"/> | I enjoy socialising in Nelson and believe it is not fair to penalise the majority of people who go out in Nelson and behave well, because of a small minority who behave badly. There should be more personal responsibility and <b>not</b> more regulations. |
| <input checked="" type="checkbox"/> | Nelson benefits from a vibrant and responsibly run hospitality industry.  |
| <input checked="" type="checkbox"/> | Police should maintain a zero tolerance policy on troublemakers who cause the problems in the streets and those who drink in the streets breaking the liquor ban.   |
| <input checked="" type="checkbox"/> | I think that bars and taverns outside of the CBD should have the opportunity to trade the same hours as the bars in the inner city, e.g. Bars like the Turf and Speight's Ale House.  |

I think all restaurants in the District should be able to trade until *(please circle one)*:

<input checked="" type="radio"/> 1am	<input type="radio"/> 2am	<input type="radio"/> 3am
--------------------------------------	---------------------------	---------------------------

If I can't get into a bar because of the one way door policy I will *(please circle one)*:

<input type="radio"/> Go home	<input checked="" type="radio"/> Go to a party	<input type="radio"/> Hang around the streets
-------------------------------	--	---

I think that taverns who can serve alcohol over the bar with an off licence should stop selling alcohol at *(please circle one)*:

<input type="radio"/> 9pm	<input type="radio"/> 10pm	<input checked="" type="radio"/> 11pm
---------------------------	----------------------------	---------------------------------------

I think that bottle stores and supermarkets should stop selling alcohol at *(please circle one)*:

<input checked="" type="radio"/> 9pm	<input type="radio"/> 10pm	<input type="radio"/> 11pm
--------------------------------------	----------------------------	----------------------------

I am in favour of the "Mellow Yellow Bar Safe" scheme where all the door staff put on their yellow jackets at 2am and help Police to clear the streets and get people home safe.

I am in favour of the policy where Nelson licensees blanket trespass troublemakers from all the licenced premises in Nelson.

I normally drink before I come into town.
