Please tick the statements you agree with, answer the questions and return this form to register your opinion.

I submit to the Nelson City Council that:

I enjoy socialising in Nelson and believe it is not fair to penalise the majority of people who go out in Nelson and behave well, because of a small minority who behave badly. There should be more personal responsibility and **not** more regulations.

Nelson benefits from a vibrant and responsibly run hospitality industry.

Police should maintain a zero tolerance policy on troublemakers who cause the problems in the streets and those who drink in the streets breaking the liquor ban.

I think that bars and taverns outside of the CBD should have the opportunity to trade the same hours as the bars in the inner city, e.g. Bars like the Turf and Speight's Ale House.

I think all restaurants in the District should be able to trade until (please circle one):

1am	2am	3am
-----	-----	-----

If I can't get into a bar because of the one way door policy I will (please circle one):

Go home	Go to a party	Hang around the streets
---------	---------------	-------------------------

I think that taverns who can serve alcohol over the bar with an off licence should stop selling alcohol at (please circle one):

9pm	10pm	11pm
-----	------	------

I think that bottle stores and supermarkets should stop selling alcohol at (please circle one):

9pm	10pm	11pm
-----	------	------

I am in favour of the "Mellow Yellow Bar Safe" scheme where all the door staff put on their yellow jackets at 2am and help Police to clear the streets and get people home safe.

Additional Comments:

I own a restaurant and often over summer take bookings for 9.30-10pm. To enjoy the full experience and up to 5 courses the diners can still be in the restaurant at 12.30. Also we run 7 course degustations which can also run after 12pm. Why a 1 being penalised when a restaurant is low risk compared with a bar. I will have to change my business plan and possibly change my operation. I have worked hard and complied with all regulations, and in doing so have won many awards. Changing my business could affect my profile. Nelson could potentially lose a top restaurant. I don't even offer bar service!

I have friends who are police in Christchurch, and Wellington. And they think Nelson has it easy as all bars are close together. These areas are not spread out and takes time to get to.

It's about the culture
and host responsibility.

I have never liked the
Bridge Street strip because
of the clientele it attracts.

Booze Hags and
Bourban & coke drinking
aggressive pricks looking
for a shag.

I socialise responsibly
at the Sprig & Fern, Free House,
Rhythm & Brown where I
see binge drinking is not
promoted.

STOP SERVING
DRUNKS JUST BECAUSE
THEY PAY. Be responsible
hosts and
be fined if drinks are served in
a public house

What's in the proposals – the headlines:

- Up to 2 hours wiped off the closing times of bars and taverns outside of the CBD
- Up to 3 hours wiped off the closing times of restaurants!
- All off licence sales to stop at 9pm (including over the bar)
- A one way door for the inner city bars at 2am

Please tick the statements you agree with, answer the questions and return this form to register your opinion.

I submit to the Nelson City Council that:

<input checked="" type="checkbox"/>	I enjoy socialising in Nelson and believe it is not fair to penalise the majority of people who go out in Nelson and behave well, because of a small minority who behave badly. There should be more personal responsibility and not more regulations.
<input type="checkbox"/>	Nelson benefits from a vibrant and responsibly run hospitality industry.
<input type="checkbox"/>	Police should maintain a zero tolerance policy on troublemakers who cause the problems in the streets and those who drink in the streets breaking the liquor ban.
<input type="checkbox"/>	I think that bars and taverns outside of the CBD should have the opportunity to trade the same hours as the bars in the inner city, e.g. Bars like the Turf and Speight's Ale House.

I think all restaurants in the District should be able to trade until (please circle one):

- Police should maintain a zero tolerance policy on troublemakers who cause the problems in the streets and those who drink in the streets breaking the liquor ban.
- I think that bars and taverns outside of the CBD should have the opportunity to trade the same hours as the bars in the inner city, e.g. Bars like the Turf and Speight's Ale House.

I think all restaurants in the District should be able to trade until (please circle one):

1am	2am	3am
-----	-----	-----

If I can't get into a bar because of the one way door policy I will (please circle one):

Go home	Go to a party	Hang around the streets
---------	---------------	-------------------------

I think that taverns who can serve alcohol over the bar with an off licence should stop selling alcohol at (please circle one):

9pm	10pm	11pm
-----	------	------

I think that bottle stores and supermarkets should stop selling alcohol at (please circle one):

9pm	10pm	11pm
-----	------	------

I am in favour of the "Mellow Yellow Bar Safe" scheme where all the door staff put on their yellow jackets at 2am and help Police to clear the streets and get people home safe.

The Draft Local Alcohol Policy for Nelson - Have your say!

NELSON CITY COUNCIL
Customer Service

What's in the proposals – the headlines:

- Up to 2 hours wiped off the closing times of bars and taverns outside of the CBD
- Up to 3 hours wiped off the closing times of restaurants!
- All off licence sales to stop at 9pm (including over the bar)
- A one way door for the inner city bars at 2am

Please tick the statements you agree with, answer the questions and return this form to register your opinion.

I submit to the Nelson City Council that:

- I enjoy socialising in Nelson and believe it is not fair to penalise the majority of people who go out in Nelson and behave well, because of a small minority who behave badly. There should be more personal responsibility and not more regulations.
- Nelson benefits from a vibrant and responsibly run hospitality industry.
- Police should maintain a zero tolerance policy on troublemakers who cause the problems in the streets and those who drink in the streets breaking the liquor ban.
- I think that bars and taverns outside of the CBD should have the opportunity to trade the same hours as the bars in the inner city, e.g. Bars like the Turf and Speight's Ale House.

I Think The Bars do a very good Job
on what goes on. it The people who drink
Before Town That The Problem. Police Need to
Do More zero Tolerance like The B's City dose
That The B's This. That Need. to happen. as Bar need
to Judge what people drink Before They come to
Town which is a hard Job as you could be sober
Before you get to town and that next drink
could hit you come on you know what I am
Talking about. \$ This is people income. if This don't
happen I will be disappointed because it not the
Bars The problem & you know it keep people in
one area to keep eye on every one other
wise They be party every wen & good luck
on keep eye on That.

Cheers Daniel De Cesare

The Draft Local Alcohol Policy for Nelson - Have your say!

NELSON CITY COUNCIL
Customer Service

What's in the proposals – the headlines:

- Up to 2 hours wiped off the closing times of bars and taverns outside of the CBD
- Up to 3 hours wiped off the closing times of restaurants!
- All off license sales to stop at 9pm (including over the bar)
- A one way door for the inner city bars at 2am

Please tick the statements you agree with, answer the questions and return this form to register your opinion.

I submit to the Nelson City Council that:

- I enjoy socialising in Nelson and believe it is not fair to penalize the majority of people who go out in Nelson and behave well, because of a small minority who behave badly. There should be more personal responsibility and **not** more regulations.
- Nelson benefits from a vibrant and responsibly run hospitality industry.
- Police should maintain a zero tolerance policy on troublemakers who cause the problems in the streets and those who drink in the streets breaking the liquor ban.
- I think that bars and taverns outside of the CBD should have the opportunity to trade the same hours as the bars in the inner city eg. Bars like the Turf and Speight's Ale House.

I think all restaurants in the District should be able to trade until (please circle one):

1am	2am	<u>3am</u>
-----	-----	------------

If I can't get into a bar because of the one way door policy I will (please circle one):

Go home	Go to a party	<u>Hang around the streets</u>

The Draft Local Alcohol Policy for Nelson - Have your say!

RECEIVED

13 SEP 2013

NELSON CITY COUNCIL
Customer Service

What's in the proposals – the headlines:

- Up to 2 hours wiped off the closing times of bars and taverns outside of the CBD
- Up to 3 hours wiped off the closing times of restaurants!
- All off licence sales to stop at 9pm (including over the bar)
- A one way door for the inner city bars at 2am

Please tick the statements you agree with, answer the questions and return this form to register your opinion.

I submit to the Nelson City Council that:

- I enjoy socialising in Nelson and believe it is not fair to penalise the majority of people who go out in Nelson and behave well, because of a small minority who behave badly. There should be more personal responsibility and **not** more regulations.
- Nelson benefits from a vibrant and responsibly run hospitality industry.
- Police should maintain a zero tolerance policy on troublemakers who cause the problems in the streets and those who drink in the streets breaking the liquor ban.
- I think that bars and taverns outside of the CBD should have the opportunity to trade the same hours as the bars in the inner city, e.g. Bars like the Turf and Speight's Ale House.

I think all restaurants in the District should be able to trade until (please circle one):

1am	2am	3am
-----	-----	-----

If I can't get into a bar because of the one way door policy I will (please circle one):

Go home	Go to a party	Hang around the streets
---------	---------------	-------------------------

I think that taverns who can serve alcohol over the bar with an off licence should stop selling alcohol at (please circle one):

9pm	10pm	11pm
-----	------	------

I think that bottle stores and supermarkets should stop selling alcohol at (please circle one):

9pm	10pm	11pm
-----	------	------

I am in favour of the "Mellow Yellow Bar Safe" scheme where all the door staff put on their yellow jackets at 2am and help Police to clear the streets and get people home safe.

Submission 193 APPROVED The Draft Local Alcohol Policy for Nelson - Have your say!

13 SEP 2013

NELSON CITY COUNCIL
Customer Service

What's in the proposals – the headlines:

- Up to 2 hours wiped off the closing times of bars and taverns outside of the CBD
- Up to 3 hours wiped off the closing times of restaurants!
- All off licence sales to stop at 9pm (including over the bar)
- A one way door for the inner city bars at 2am

Please tick the statements you agree with, answer the questions and return this form to register your opinion.

I submit to the Nelson City Council that:

<input checked="" type="checkbox"/>	I enjoy socialising in Nelson and believe it is not fair to penalise the majority of people who go out in Nelson and behave well, because of a small minority who behave badly. There should be more personal responsibility and not more regulations.
<input type="checkbox"/>	Nelson benefits from a vibrant and responsibly run hospitality industry.
<input type="checkbox"/>	Police should maintain a zero tolerance policy on troublemakers who cause the problems in the streets and those who drink in the streets breaking the liquor ban.
<input type="checkbox"/>	I think that bars and taverns outside of the CBD should have the opportunity to trade the same hours as the bars in the inner city, e.g. Bars like the Turf and Speight's Ale House.

I think all restaurants in the District should be able to trade until (*please circle one*):

1am	2am	3am
-----	-----	-----

If I can't get into a bar because of the one way door policy I will (*please circle one*):

Go home	Go to a party	Hang around the streets
---------	---------------	-------------------------

I think that taverns who can serve alcohol over the bar with an off licence should stop selling alcohol at (*please circle one*):

9pm	10pm	11pm
-----	------	------

I think that bottle stores and supermarkets should stop selling alcohol at (*please circle one*):

9pm	10pm	11pm
-----	------	------

I am in favour of the "Mellow Yellow Bar Safe" scheme where all the door staff put on their yellow jackets at 2am and help Police to clear the streets and get people home safe.

I am in favour of the policy where Nelson licensees blanket trespass troublemakers from all the licenced premises in Nelson.

I normally drink before I come into town.

I would like to speak to the Council about my submission.
