

The Draft Local Alcohol Policy for Nelson - Have your say!

What's in the proposals – the headlines:

- Up to 2 hours wiped off the closing times of bars and taverns outside of the CBD
- Up to 3 hours wiped off the closing times of restaurants!
- All off licence sales to stop at 9pm (including over the bar)
- A one way door for the inner city bars at 2am

Please tick the statements you agree with, answer the questions and return this form to register your opinion.

I submit to the Nelson City Council that:

- I enjoy socialising in Nelson and believe it is not fair to penalise the majority of people who go out in Nelson and behave well, because of a small minority who behave badly. There should be more personal responsibility and **not** more regulations.
- Nelson benefits from a vibrant and responsibly run hospitality industry.
- Police should maintain a zero tolerance policy on troublemakers who cause the problems in the streets and those who drink in the streets breaking the liquor ban.
- I think that bars and taverns outside of the CBD should have the opportunity to trade the same hours as the bars in the inner city, e.g. Bars like the Turf and Speight's Ale House.

I think all restaurants in the District should be able to trade until (please circle one):

1am	2am	3am
-----	-----	-----

If I can't get into a bar because of the one way door policy I will (please circle one):

Go home	Go to a party	Hang around the streets
---------	---------------	-------------------------

I think that taverns who can serve alcohol over the bar with an off licence should stop selling alcohol at (please circle one):

9pm	10pm	11pm
-----	------	------

I think that bottle stores and supermarkets should stop selling alcohol at (please circle one):

9pm	10pm	11pm
-----	------	------

I am in favour of the "Mellow Yellow Bar Safe" scheme where all the door staff put on their yellow jackets at 2am and help Police to clear the streets and get people home safe.

YES	or	NO
YES	or	NO
YES	or	NO

I am in favour of the policy where Nelson licensees blanket trespass troublemakers from all the licenced premises in Nelson.

I normally drink before I come into town.

I would like to speak to the Council about my submission.

The Draft Local Alcohol Policy for Nelson - Have your say!

What's in the proposals – the headlines:

- Up to 2 hours wiped off the closing times of bars and taverns outside of the CBD
- Up to 3 hours wiped off the closing times of restaurants!
- All off licence sales to stop at 9pm (including over the bar)
- A one way door for the inner city bars at 2am

Please tick the statements you agree with, answer the questions and return this form to register your opinion.

I submit to the Nelson City Council that:

<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>

I enjoy socialising in Nelson and believe it is not fair to penalise the majority of people who go out in Nelson and behave well, because of a small minority who behave badly. There should be more personal responsibility and **not** more regulations.

Nelson benefits from a vibrant and responsibly run hospitality industry.

Police should maintain a zero tolerance policy on troublemakers who cause the problems in the streets and those who drink in the streets breaking the liquor ban.

I think that bars and taverns outside of the CBD should have the opportunity to trade the same hours as the bars in the inner city, e.g. Bars like the Turf and Speight's Ale House.

Nelson benefits from a vibrant and responsibly run hospitality industry.

Police should maintain a zero tolerance policy on troublemakers who cause the problems in the streets and those who drink in the streets breaking the liquor ban.

I think that bars and taverns outside of the CBD should have the opportunity to trade the same hours as the bars in the inner city, e.g. Bars like the Turf and Speight's Ale House.

I think all restaurants in the District should be able to trade until (please circle one):

1am	2am	3am
-----	-----	-----

If I can't get into a bar because of the one way door policy I will (please circle one):

Go home	Go to a party	Hang around the streets
---------	---------------	-------------------------

I think that taverns who can serve alcohol over the bar with an off licence should stop selling alcohol at (please circle one):

9pm	10pm	11pm
-----	------	------

I think that bottle stores and supermarkets should stop selling alcohol at (please circle one):

9pm	10pm	11pm
-----	------	------

I am in favour of the "Mellow Yellow Bar Safe" scheme where all the door staff put on their yellow jackets at 2am and help Police to clear the streets and get people home safe.

I am in favour of the policy where Nelson licensees blanket trespass troublemakers from all the licenced premises in Nelson.

I normally drink before I come into town.

I would like to speak to the Council about my submission.

A one way door policy will cause more problems not less, unless the opening hours are extended beyond 3am. One way door from 2am would be okay if bars could stay open till 4am. That way, not all punters from all bars spill into the street at the same time (3am).

What's in the proposals – the headlines:

- Up to 2 hours wiped off the closing times of bars and taverns outside of the CBD
- Up to 3 hours wiped off the closing times of restaurants!
- All off licence sales to stop at 9pm (including over the bar)
- A one way door for the inner city bars at 2am

Please tick the statements you agree with, answer the questions and return this form to register your opinion.

I submit to the Nelson City Council that:

- I enjoy socialising in Nelson and believe it is not fair to penalise the majority of people who go out in Nelson and behave well, because of a small minority who behave badly. There should be more personal responsibility and **not** more regulations.

Closing bars earlier will
only place angry "drunk"
people onto the streets and
cause more problems.
The most violent I have seen
people have been at times
when bars have closed early.

I submit to the Nelson City Council that:

<input checked="" type="checkbox"/>	I enjoy socialising in Nelson and believe it is not fair to penalise the majority of people who go out in Nelson and behave well, because of a small minority who behave badly. There should be more personal responsibility and not more regulations.
<input checked="" type="checkbox"/>	Nelson benefits from a vibrant and responsibly run hospitality industry.
<input checked="" type="checkbox"/>	Police should maintain a zero tolerance policy on troublemakers who cause the problems in the streets and those who drink in the streets breaking the liquor ban.
<input checked="" type="checkbox"/>	I think that bars and taverns outside of the CBD should have the opportunity to trade the same hours as the bars in the inner city, e.g. Bars like the Turf and Speight's Ale House.

I think all restaurants in the District should be able to trade until (please circle one):

1am	2am	3am
-----	-----	------------

If I can't get into a bar because of the one way door policy I will (please circle one):

Go home	Go to a party	Hang around the streets
---------	----------------------	-------------------------

I think that taverns who can serve alcohol over the bar with an off licence should stop selling alcohol at (please circle one):

9pm	10pm	11pm
-----	-------------	------

I think that bottle stores and supermarkets should stop selling alcohol at (please circle one):

9pm	10pm	11pm
------------	------	------

I am in favour of the "Mellow Yellow Bar Safe" scheme where all the door staff put on their yellow jackets at 2am and help Police to clear the streets and get people home safe.

I am in favour of the policy where Nelson licensees blanket trespass troublemakers from all the licenced premises in Nelson.

I normally drink before I come into town.

I would like to speak to the Council about my submission.

- I enjoy socialising in Nelson and believe it is not fair to penalise the majority of people who go out in Nelson and behave well, because of a small minority who behave badly. There should be more personal responsibility and **not** more regulations.
- Nelson benefits from a vibrant and responsibly run hospitality industry.
- Police should maintain a zero tolerance policy on troublemakers who cause the problems in the streets and those who drink in the streets breaking the liquor ban.
- I think that bars and taverns outside of the CBD should have the opportunity to trade the same hours as the bars in the inner city, e.g. Bars like the Turf and Speight's Ale House.

I think all restaurants in the District should be able to trade until (please circle one):

1am	2am	3am
-----	-----	------------

If I can't get into a bar because of the one way door policy I will (please circle one):

Go home	Go to a party	Hang around the streets
----------------	---------------	-------------------------

I think that taverns who can serve alcohol over the bar with an off licence should stop selling alcohol at (please circle one):

9pm	10pm	11pm
------------	------	------

I think that bottle stores and supermarkets should stop selling alcohol at (please circle one):

9pm	10pm	11pm

The Draft Local Alcohol Policy for Nelson - Have your say!

RECEIVED

NELSON CITY COUNCIL
Customer Service

What's in the proposals – the headlines:

- Up to 2 hours wiped off the closing times of bars and taverns outside of the CBD
- Up to 3 hours wiped off the closing times of restaurants!
- All off licence sales to stop at 9pm (including over the bar)
- A one way door for the inner city bars at 2am

Please tick the statements you agree with, answer the questions and return this form to register your opinion.

I submit to the Nelson City Council that:

- I enjoy socialising in Nelson and believe it is not fair to penalise the majority of people who go out in Nelson and behave well, because of a small minority who behave badly. There should be more personal responsibility and **not** more regulations.
- Nelson benefits from a vibrant and responsibly run hospitality industry.
- Police should maintain a zero tolerance policy on troublemakers who cause the problems in the streets and those who drink in the streets breaking the liquor ban.
- I think that bars and taverns outside of the CBD should have the opportunity to trade the same hours as the bars in the inner city, e.g. Bars like the Turf and Speight's Ale House.

I think all restaurants in the District should be able to trade until (please circle one):

1am	2am	3am
-----	-----	-----

If I can't get into a bar because of the one way door policy I will (please circle one):

Go home	Go to a party	Hang around the streets
---------	---------------	-------------------------

I think that taverns who can serve alcohol over the bar with an off licence should stop selling alcohol at (please circle one):

9pm	10pm	11pm
-----	------	------

I think that bottle stores and supermarkets should stop selling alcohol at (please circle one):

9pm	10pm	11pm
-----	------	------

I am in favour of the "Mellow Yellow Bar Safe" scheme where all the door staff put on their yellow jackets at 2am and help Police to clear the streets and get people home safe.

The Draft Local Alcohol Policy for Nelson - Have your say!

RECEIVED
13 SEP 2013
NELSON CITY COUNCIL
Customer Services

What's in the proposals – the headlines:

- Up to 2 hours wiped off the closing times of bars and taverns outside of the CBD
- Up to 3 hours wiped off the closing times of restaurants!
- All off licence sales to stop at 9pm (including over the bar)
- A one way door for the inner city bars at 2am

Please tick the statements you agree with, answer the questions and return this form to register your opinion.

I submit to the Nelson City Council that:

- I enjoy socialising in Nelson and believe it is not fair to penalise the majority of people who go out in Nelson and behave well, because of a small minority who behave badly. There should be more personal responsibility and **not** more regulations.
- Nelson benefits from a vibrant and responsibly run hospitality industry.
- Police should maintain a zero tolerance policy on troublemakers who cause the problems in the streets and those who drink in the streets breaking the liquor ban.
- I think that bars and taverns outside of the CBD should have the opportunity to trade the same hours as the bars in the inner city, e.g. Bars like the Turf and Speight's Ale House.

I think all restaurants in the District should be able to trade until (please circle one):

1am	2am	3am
-----	-----	-----

If I can't get into a bar because of the one way door policy I will (please circle one):

Go home	Go to a party	Hang around the streets
---------	---------------	-------------------------

I think that taverns who can serve alcohol over the bar with an off licence should stop selling alcohol at (please circle one):

9pm	10pm	11pm
-----	------	------

I think that bottle stores and supermarkets should stop selling alcohol at (please circle one):

9pm	10pm	11pm
-----	------	------

I am in favour of the "Mellow Yellow Bar Safe" scheme where all the door staff put on their yellow jackets at 2am and help Police to clear the streets and get people home safe.

I am in favour of the policy where Nelson licensees blanket trespass troublemakers from all the licenced premises in Nelson.

I normally drink before I come into town.

I would like to speak to the Council about my submission.

What's in the proposals – the headlines:

- Up to 2 hours wiped off the closing times of bars and taverns outside of the CBD
- Up to 3 hours wiped off the closing times of restaurants!
- All off licence sales to stop at 9pm (including over the bar)
- A one way door for the inner city bars at 2am

Please tick the statements you agree with, answer the questions and return this form to register your opinion.

I submit to the Nelson City Council that:

<input checked="" type="checkbox"/>

I enjoy socialising in Nelson and believe it is not fair to penalise the majority of people who go out in Nelson and behave well, because of a small minority who behave badly. There should be more personal responsibility and **not** more regulations.

Nelson benefits from a vibrant and responsibly run hospitality industry.

Police should maintain a zero tolerance policy on troublemakers who cause the problems in the streets and those who drink in the streets breaking the liquor ban.

I think that bars and taverns outside of the CBD should have the opportunity to trade the same hours as the bars in the inner city, e.g. Bars like the Turf and Speight's Ale House.

I think all restaurants in the District should be able to trade until *(please circle one)*:

1am	2am	3am
-----	-----	-----

If I can't get into a bar because of the one way door policy I will *(please circle one)*:

Go home	Go to a party	Hang around the streets
---------	---------------	-------------------------

I think that taverns who can serve alcohol over the bar with an off-licence should stop selling alcohol at *(please circle one)*:

9pm	10pm	11pm
-----	------	------

I think that bottle stores and supermarkets should stop selling alcohol at *(please circle one)*:

9pm	10pm	11pm
-----	------	------

I am in favour of the "Mellow Yellow Bar Safe" scheme where all the door staff put on their yellow jackets at 2am and help Police to clear the streets and get people home safe.

I am in favour of the policy where Nelson licensees blanket trespass troublemakers from all the licenced premises in Nelson.

I normally drink before I come into town.
