CELEBRATE NELSON'S HERITAGE FESTIVAL

1 - 30 APRIL

Although the summer months are now behind us, we have much to look forward to as Nelson's popular Heritage Festival begins on 1 April. It began nine years ago with our first Heritage Week and this Festival is a wonderful way to share and celebrate our city's rich and varied past.

It's a true community event and I applaud all the community groups and organisations that make it all happen. The Heritage Festival wouldn't be the success that it is without your time and effort!

This year's programme is packed with great reasons to get out and about in April. Many of our favourite events from previous years are back, and we've got some new opportunities that you won't want to miss. There really is something for everyone with live performances, talks, tours and enjoyable activities at a range of locations on offer.

Enjoy!

THE ARMARIE ROOM, FOUNDERS HERITAGE PARK

To book, email renee@thearmarieroom.com. Koha.

A short guided tour that showcases our rich print history and the impressive machinery developed over centuries to bring print to the masses. We have ex-industry and master printers joining us at The Armarie Room to guide you through the cultural legacy of fine press printing. There will be a chance to roll up your sleeves and use one of our vintage hand presses. This is also an opportunity to watch our unique Linotypes purr into action - a steampunk version of the modern day computer.
