The Secretary  
Alcohol Regulatory & Licensing Authority  
Department of Justice – Tribunals Unit  
Private Bag 32001  
WELLINGTON 6146

Dear Sir/Madam

**NELSON DISTRICT LICENSING COMMITTEE ANNUAL REPORT – 2014/2015**

In accordance with Section 199 of the Sale and Supply of Alcohol Act 2012 the Nelson District Licensing Committee (DLC) submits their Annual Report for 2014/2015 as follows:

1. Overview of DLC workload

*DLC Structure and Personnel*

The membership of the District Licensing Committee has remained the same in 2014/15 since their appointment in November 2013. Members include:

Commissioner and Chair	E.O.K (Oke) Blaikie
Deputy Chair	Councillor Ian Barker
Members	Mayor Rachel Reese, Deputy Mayor Paul Matheson, Councillor Kate Fulton, Gail Collingwood and Derek Shaw.

DLC staff have also remained the same in 2014/15 and includes:

- Melanie Yeomans, Licensing Administrator
- Sarah Yarrow, Licensing Inspector
- Stephen Lawrence, Chief Licensing Inspector
- Mandy Bishop, Secretary of the DLC

### *Staff Training*

The Chair of the DLC and the Licensing Inspector attended a seminar in March 2015 on "The Sale and Supply of Alcohol Act 2012 – One Year On" which was organised by Alcohol Healthwatch and the Health Promotion Agency. The Licensing Inspector also attended the annual NZILLI Conference in Wellington in September 2014.

### *DLC Meetings and Hearings*

The DLC met eight times to consider seven applications for Temporary Authorities and one Temporary Licence application for alternative premises during a renovation. One hearing was scheduled to consider an off licence application for a Countdown Supermarket. As the applicant provided additional information on the layout of the single alcohol display area that satisfied the requirements of the Act, the hearing was not required. All other decisions have been unopposed and granted on the papers by the Commissioner.

### *Monitoring and Compliance*

200 monitoring and compliance visits were made during the year with these being a combination of daytime inspections, after-hours compliance checks and Controlled Purchase Operations.

Four Controlled Purchase Operations were conducted during the year with a total of 88 visits to 49 premises. Six alcohol sales to minors occurred - five from on licensed premises and one from an off licensed grocery store premises.

A Controlled Purchase Operation focusing on food availability was carried out in conjunction with the Public Health Service. Of the 15 premises visited three had insufficient food available and were issued an infringement notice and four that were marginal were issued a warning. The remaining eight premises had sufficient food available that was being actively promoted.

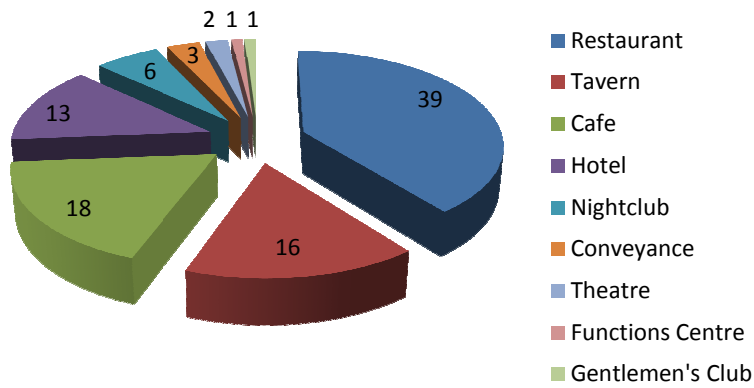

### *Make Up of Licensed Premises*

There are currently 39 off licensed premises, 103 on licensed premises and 20 club licensed premises in Nelson. Of these, three on licences and one club licence are not currently being operated.

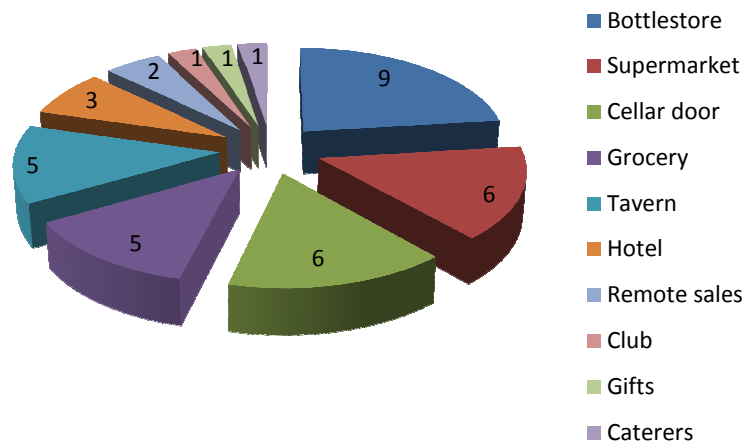

In the last year four off licences and six on licences were granted for premises that have not previously held a licence. Two of the off licences were for private residences to licence remote website sales only. Nine premises changed hands with a new on licence being granted. Five off licences and seven on licences expired.

The graphs below provide information on the types of licensed premises currently operating in Nelson.

**Premises Type - ON Licences**

**Premises Type - OFF Licences**

2. DLC Initiatives

*Public Notices Online*

From 1 March 2015 the DLC moved to publishing the public notices for licensing applications online on the Nelson City Council website ([www.nelson.govt.nz](http://www.nelson.govt.nz) search phrase = alcohol licensing applications). Nelson residents were advised of the change through the Council's monthly newsletter, which is delivered to all households. Public notices were also placed in the Nelson Mail to advise readers of the change. The service is provided free of charge to applicants and notices remain on the website for 15 working days. Tasman District Council also publishes public notices for licence applications online and this change has created consistency for applicants across the region.

*Alcohol Licensing Enforcement Group*

Nelson continues to be involved in the Alcohol Licensing Enforcement Group (ALEG) for the region with NZ Police, Nelson Marlborough Public Health Service and Tasman District Council meeting once a month. The group has developed a draft combined agency agreement which is expected to be adopted early in the 2015/16 year. The agreement covers each agency's role and the approach to

licensing activities in the region, including how information is shared, reporting on applications, monitoring and enforcement.

In December 2014 the group also initiated the "Nelson Tasman Alcohol Update" This publication is provided to all licensees in the region twice a year and includes topical information and updates on licensing matters for licensees, their managers and staff. The update provides a way of providing a consistent message for licensees regarding the expectations of the reporting agencies. The publication is available on the Council website ([www.nelson.govt.nz](http://www.nelson.govt.nz) search phrase = host responsibility).

#### *Nelson Tasman Regional Alcohol Accord*

Nelson also continues to be involved in the already established (2006) Nelson Tasman Regional Alcohol Accord which meets regularly to look at new and innovative ways of dealing with alcohol problems in the community. It involves Police, District Licensing Committees (Nelson and Tasman), Councils, Health, ACC, Ambulance, Hospitality New Zealand and representatives from licensed premises.

Work in 2014/15 focused on reviewing progress on the last Accord action plan and building on previous research from 2012 which had focused on alcohol related harm in the Nelson central business district. The review was carried out by Janet Taylor and a report which summarises the finding of the research with recommendations for next steps has been completed. From this the Accord will develop its next action plan.

#### *Relationship with New Zealand Fire Service*

A new working relationship with the New Zealand Fire Service has been developed this year. All premises licence applications are now sent to the Fire Risk Management Officer who checks the evacuation details provided and ensures that premises are up to date and compliant with fire evacuation requirements. The Fire Service is also a party to the combined agency agreement being developed for the Nelson Tasman Region.

### 3. Local Alcohol Policy

Nelson City Council developed a draft Local Alcohol Policy (LAP) in 2013 that has been publicly consulted on. The Council commenced deliberations on the draft policy in 2014. Deliberations were adjourned pending the outcome of appeals to other LAPs and have not been reconvened to date.

### 4. Current Legislation

The following points are noted in relation to the new legislation:

- a) The provision for automatic suspension of a licence if the annual licensing fee is not paid within 30 days of the issue date is an extremely effective tool for achieving prompt payment of annual licensing fees
- b) As raised in our report last year - the need for a quorum of three DLC members when considering an unopposed Temporary Authority or Temporary Licence under Section 74 - the applicant requirements and granting criteria in these situations are significantly less than a substantive licence which, if unopposed the Commissioner can grant on the papers alone. We look forward to this situation being aligned so that unopposed applications can also be considered by the Commissioner alone.

5. Other Matters

*Licence Fees*

In September 2014 Nelson City Council resolved to use the provisions of the Sale and Supply of Alcohol Regulations (Fees) 2013 and reduce alcohol licensing fees by one category in "particular circumstances". These are detailed in the table over the page. Licensing fees can also be considered for a fee category reduction on a case by case basis in any other particular circumstances by the Chief Executive or the General Manager, Strategy and Planning. The Council has not considered introducing a fees bylaw at this stage.

**Fee Reductions for On and Off Licences**

<b>Particular Circumstances</b>	<b>Reason</b>
<ul style="list-style-type: none"> <li>On licence holders that have 3.00am as the latest time allowed by their licence but never operate after 2.00am</li> <li>Off licence holders that have 11.00pm as the latest time allowed by their licence but never operate after 10.00pm</li> </ul>	Some licence holders were disadvantaged by the timing of the introduction of the Fees Regulations. This short term fee reduction will ensure a level playing field for licence holders while the three year licence period immediately following the introduction of the new fees is worked through
Where more than one licence is held by the same licence holder for the same premises	There are economies of time and cost when processing two licences for the same premises
Off Licence for brewery, cidery or distillery cellar door	Winery cellar doors are in a lower fee class than other cellar door types. This fee category reduction would ensure consistency for the same type of very low risk premises
Note: Fee reductions are only applied if there are no enforcement holdings.	

**Fee Reductions for Special Licences**

<b>Particular Circumstances</b>	<b>Example</b>
Any fundraising event	School Gala, Quiz Night Fundraiser
Any of a series of regular social/ community (not commercial) events held at the same venue for the same purpose	Rotary, Bridge, film society
Community (not commercial) event that as a whole may attract over 400 people but alcohol is not the focus of the event	Arts Expo, Arts Festival

Particular Circumstances	Example
Event where alcohol is sold for consumption <b>off</b> the premises	Stall holders selling alcohol to take away (off licence) with a certified manager present at all times. In most cases the applicant already holds an off licence as well

*Comments from the Chair*

EOK Blaikie expresses continued appreciation for the excellent assistance provided by the DLC staff including Mandy Bishop (Secretary), Sarah Yarrow (Inspector), Melanie Yeomans (Administrator) and Stephen Lawrence for his experience as Chief Licensing Inspector.

The Committee is now aware of the numerous reports and decisions of significance from ARLA and other committees. Having easy and unrestricted access to these decisions and the proposed compilation of relevant text books are worthwhile goals to pursue.

6. Statistical Information

Attached is the annual return and current listing of licensed premises.

Please contact myself or Licensing Inspector, Sarah Yarrow (phone 03 546 0260), if you have any enquiries regarding this report.

Yours faithfully

Mandy Bishop
